OPEN PAYMENTS DATABASE PATIENT NOTIFICATION

The Open Payment database is a federal tool used to search payments made by drug and device companies to physicians and teaching hospitals. It can be found at <https://openpaymentsdata.cms.gov>.

For information purposes only, a link to the federal Centers for Medicare and Medicaid Services (CMS) Open Payments web page is provided here. The federal Physician Payments Sunshine Act requires that detailed information about payment and other payments of value worth over ten dollars (\$10) from manufactures of drugs, medical devises, and biologics to physicians and teaching hospitals be made available to the public.
